

NOVEMBER VOLUNTEER OF THE MONTH

CHRISTY T.

What I like best about volunteering at Colony Cats:

I have fun being around the cats, and the people and I like to learn how things are done at the center. I like talking with all the foster parents about their cats and hearing all the stories from the people trapping. I like joking with my comrades and getting to know them. I like cleaning the cages because of the one on one contact with the cats. I like cleaning the floors and organizing things to make the center look nice. But the best thing about being there on Saturday mornings is trying to get the litter box out of Terrible Teddy's cage without a scratch/bite and being able to feed one of Mona's bottle babies.

My pets at home:

Billy & Gracie (cats), and Sasha (poodle). Both of my cats were adopted. Billy, I found in the bushes, so he is "Billy the Bush Cat" and Gracie was adopted. Sasha was my mother's dog and I take care of her now.

What I'd like you to know about me:

I walk slow, can't hear, can't see, and have no balance.

Where you can find me when I'm not volunteering for Colony Cats:

I usually spend my spare time with family, friends and my pets. It seems there is always a birthday or gathering for something.

Dogs or Cats Rule?:

Possums Rule

What's your advice to a new Colony Cats volunteer?

Have fun, and be curious.

Your unique Q&A, thoughts, or favorite saying:

What is polydactyly?

A genetic abnormality where cats have extra toes and unusually big feet.
