

# MARCH VOLUNTEER OF THE MONTH

# ASHLEY BUCKMASTER

## What I like best about volunteering at Colony Cats:

Being so resilient outdoors, I often worry stray and lost kitties are overlooked. I love working with a strong group of people committed to making sure these lovable cuties don't just survive but thrive!

## My pets at home:

Falcon (our fearless leader), and Colony Cats alums Marguerite Bouvier, Clementine Bruce, Harry Hamlin-Goldenblatt, and Charlie xbx

## What I'd like you to know about me:

I'm really just grateful to have found this wonderful group of people willing to give their time freely - and what could be a better cause than cats (and dogs!)

## Where you can find me when I'm not volunteering for Colony Cats:

I love reading, watching the BBC, and generally fitting the stereotype of "crazy cat lady!" When I can peel myself away from my kidd(tt)ies, I love to travel and see new places. Preferably places with...more cats!

## Dogs or Cats Rule?:

Sorry, but it's cats guys :)

## What's your advice to a new Colony Cats volunteer?:

I would encourage trying different roles and finding a good fit! Once you do, you find there's often no limit to the difference you can make.

## Your unique Q&A, thoughts, or favorite saying:

I think the government should assign everyone a cat, lol. But in all reality, so many studies show the benefits of having a furry friend. Adopt one (or another) today!!
