

# JUNE VOLUNTEER OF THE MONTH

# HOLLY BELKNAP

### What I like best about volunteering at Colony Cats:

I love giving back. Colony Cats was instrumental in helping me spay & neuter my 2 colonies of over 30 cats that I care for on a daily basis. I love that I can come in and help care for the cats by cleaning the Adoption Center twice a week – and I get to meet some amazing people in the process! Also, I like being involved in Colony Cats' TNR effort!

### My pets at home:

I have 3 rescue pitbulls: **Claymore** is a big Pitbull/Boxer mix and my beefy protector. There is **Stasia**, who is my blue eyed best friend! Then, there is **Roxy Roo** who is the baby of the three – she is the sweetest dog in the world! I also have one cat inside, **Tweedle Dee**, who is the only cat that can handle the three meatballs!!

### Where you can find me when I'm not volunteering for Colony Cats:

I work a lot but i love my job. I am my own boss, selling things online! Gives me plenty of time to care for all my furry friends! I also like to help neighbors who can't afford spay and neuter get their cats fixed.

### Dogs or Cats Rule?:

Honestly I love them both!!

### What's your advice to a new Colony Cats volunteer?

Let yourself love and have fun! You will meet the most wonderful, compassionate people in the world here – it has been the best thing I have been able to do in a long time. It's so rewarding and fulfilling, and helping the animals is everyone's ultimate goal!

### Your unique Q&A, thoughts, or favorite saying:

Be yourself! People judge, animals never will – and the animals need us the most!
